General Updates

Illness and Lice: We are battling fevers and lice this week. Please try to wipe down your child's lunchbox and backpacks. Also, check your child's hair for possible lice and/or nits. We have had a few identified cases on our grade level.

Fairy Tale Fest: On February 22nd, our grade level will be closing out our Fairy Tale unit with a Fairy Tale Fest. The students may dress up as their favorite fairy tale character. We have been studying regular fairy tales and fractured fairy tales (A **fractured fairy tale** takes a classic **fairy tale** or children's story and adds a twist, changes characters, or makes it more modern).

Conferences: After reviewing your child's report card, if you would like a conference, please reach out sooner than later. Conferences can also be called if you would like to see a skill or strategy in action. Often, parents like to see, discuss, and/or ask questions especially about math. I will be e-mailing those that asked for a conference next week to set up those appointments.

Upcoming Parent Event: In March, we will celebrate Dr. Seuss's birthday by asking parents to come in to read their favorite book to the class. We will be flexible with the times to accommodate you busy schedules. Both parents are more than welcome to join in on our reading fun! More information will be shared out closer to March.

Pride Pack needs your plastic grocery bags. Collection bins are in the office and teachers' room. Thank you in advance!

Please consider donating towards our Cookie Themed basket.

Academic Highlights

Reading

Readers can predict and infer using clues from the text, pictures, and their own background knowledge.

Writing

Writers use everything we know to write a fairy tales (fairy tale elements, making our character talk and move, rule of 3, happy endings).

Math

We can set up word problems using part-part-whole mats to determine if we are adding or subtracting.

Science or Social Studies

I can study famous Americans and the impact that they made on our history.

I can study weather.
