Academic Highlights

Reading

Readers notice keywords/lingo. They know what the words mean and USE the words to teach others. We can teach others about the main points of our books.

Writing

Writers use make sure we use every opportunity to teach our writers (adding words to pictures, thinking of questions our audience might have, use twin sentences to teach lingo/keywords, use comparisons, and give examples).

Math

We can identify ones, tens, and hundreds and write numbers in 4 different ways (standard, word, picture, and expanded form). We can skip count by 2's, 5's, and 10's starting at any number up to 1000.

Science or Social Studies

I can study maps.

I can study sound.
