General Updates

Teacher Appreciation Thank you! - Thank you to everyone who helped make this week extra special. The kind notes, treats, generous gift cards, and fun additions to our classroom library have made this week amazing. The sweet smiles, warm hugs, and AHA moments always remind me of why I chose this profession. 😊 A special thank you to Mrs. Fishman for helping organize everything and decorating our door. She is an AMAZING room parent!

Happy Mother's Day - I hope all of our mom's have an amazing weekend and your families shower you with love. I appreciate you all sharing your most precious gift with me each and every day!

EOG Proctors: WE NEED PROCTORS! At EOG training we were informed that we need to have proctors for all read aloud groups (we have 14 groups for math). In addition, classroom teachers without a proctor must leave their doors open during testing. Given this updated information, we are in desperate need of proctors. Please help us on the 29th and/or 30th of May for 3.5 hours - 9:15 AM - 12:45 PM. Proctors must be 18 years of age or older and attend a brief training session (15 min). Please contact Sue Davis at sdavis7@wcpss.net. If we do not have enough proctors, K-2 classroom teachers will be pulled to cover these positions and our classes split among the grade level.

PTA

Be Informed | Be Involved |
Be Supportive

LES PTA is excited to present Google's Be Internet Awesome workshop on internet safety! Our Be Internet Awesome Parent Workshop is on Thursday 5/23 at 7pm. The PTA will provide pizza and a movie while parents attend the workshop. Space is limited. Please RSVP at lespta.com.

Academic Highlights

Upcoming Events

No School – Holiday

May 27th

EOG's

May 29th and 30th, June 6th

LRHS Senior Walk through LES halls

May 31st

Last Day of School and Celebration

June 11th

Reading

Readers work with book clubs to study a author's craft across a series. We notice the small steps authors use to create a picture, use precise words, and think about what literary (figurative) language really means

Writing

Poets think of an image with a big feeling, use precise words, and use line breaks to add music to their poems.

Math

We can measure using customary units (inches, yards, feet, miles), select the correct measuring tool (ruler, yardstick), and compare the lengths.

Science or Social Studies

I can study Economics

I can study animal life cycles.
